

#### **Qualified Products & Connected Vehicles Lists**

#### **Residential Single-Family Homes: Participation Paths**

Customers can choose to participate in this program through a qualifying Level 2 Smart Charger **OR** by using smart capabilities that are built into the onboard computer of some electric vehicle models. If you're participating through a Level 2 Smart Charger, there is a Rebate for qualified Smart Chargers available to offset the cost of the device. If you're participating through the vehicle itself, there is an Enrollment Incentive you can receive by enrolling your vehicle in the program.

#### 1. Level 2 Smart Chargers (Qualified Products)

You can qualify for the Smart Charger Rebate when you purchase and install one of the qualifying models of Level 2 Smart Chargers listed below.

Eversource Customers			
Charger Manufacturer / Brand Charger Model			
ChargePoint	Home Flex CPH50		
EnelX	Juicebox 32, 40, 48		
<u>EvoCharge</u>	EvoCharge iEVSE Home 32/40-amp EVO32-310-001- ES, EVO32-310-002-ES, W1-1962-4PT0, W1-1962- 4PT1, Home50 EVC50012001		
<u>Emporia</u>	Emporia Smart EV Charger EMEVSE1 (white), EMEVSE1-B (black)

#### <u>OR</u>

#### 2. Vehicle Connection (Telematics)

If you do not have a Smart Charger, but your electric vehicle is on the list below, you can receive an Enrollment Incentive through the program. Instead of connecting to your vehicle through a Smart Charger, we will use the smart capabilities of your vehicle's computer via telematics.

**Please note**: if your vehicle's make and model is not on your utility's list, you can still participate in this program by purchasing and installing a qualifying Level 2 Smart Charger. Conversely, if you purchase and install a qualifying Level 2 Smart Charger, these lists of vehicles do not apply.

Qualifying equipment must match the software and hardware vendors listed above to qualify for the rebate for qualified Smart Chargers. Qualifying vehicles must match the EV manufacturers listed above to qualify for the Enrollment Incentive. The equipment will differ depending on charger models, software, costs and manufacturer details. Neither Eversource nor United Illuminating offer preferences or recommendations for any of the approved equipment models or EV models. Program participants are responsible for determining the suitability of these products and services.
